

*EZVIZ DL05*

# Smart Fingerprint Lock

## Enjoy easy keyless entry of a safe home

The DL05 sticks to the core values of a truly smart lock – easy to unlock, smart in controls, and safe by design. Connected via Bluetooth or Wi-Fi, it boasts flexible unlocking methods, and connects you to your home wherever you are via the EZVIZ App. Under a modern and sleek appearance, its sturdy lock body and multiple safety features help guard your entrance properly.

Multiple Unlock Methods

Easy Control via EZVIZ App

Real-Time Mobile Alerts

Supports Temporary Access Codes

Supports Anti-Peeping Codes

Supports Child Safety Lock

Built-In Electronic Doorbell

Anti-Tamper Alarm

Weatherproof Design<sup>1</sup>

Supports Emergency Power Supply

Low-Battery Warning Signal

Smart Integration with EZVIZ Cameras<sup>2</sup>

# Home access at your fingertips

Now you don't have to be anxious about losing your key or forgetting long codes. Simply grab the handle to naturally place your fingertips on the scanner, then you're in.

Processes & stores fingerprints locally

Stores up to 50 pieces of fingerprints

Auto-locks<sup>3</sup> after 5 successive failed attempts in 5 minutes

## Unlock as you prefer, for ones your trust

Swipe open or tap in permanent/temporary passwords.

Or, use smartphones to open or assign access remotely.

Unlock door remotely via your mobile phone

Share the bluetooth key to your family

Create temporary passcodes for visitors

Add new members to unlock the door

## Stay notified, feel securer

Get the message notifications via the EZVIZ App, whenever and wherever. You receive push notifications when your door is opened or when the lock's battery is low. You will also be alerted when there are suspicious activities of removing your lock or forced entry.

## Interconnected control starts at your front door

Explore DL05's smart potentials by connecting it to a collection of EZVIZ smart home products. With the help of an interlinked EZVIZ indoor PT camera<sup>2</sup>, you know not only when the door gets opened, but also who enters with an auto-recorded video.

## Double-layered security, extra peace of mind

The DL05 auto-locks behind you whenever you close the door, and it allows you to activate the child lock to prevent your energetic children or pets from accidentally opening the door from the inside.

You can also enable its privacy mode if you don't want to be disturbed – then only the administrator can open the door<sup>4</sup> from the outside, and the lock's alarm sounds will be muted.

Auto-Lock<sup>3</sup>

Child Safety Lock

Privacy Mode<sup>4</sup>

Sturdier than you might expect

Supports anti-peeping codes

Anti-tamper alarm

IP65 weatherproof design<sup>1</sup>

## Plenty of power for a busy household

The DL05 offers a long standby time – up to 365 days<sup>5</sup> – and it's easy to change the batteries when needed. You can switch between the Wi-Fi mode and the Bluetooth mode via the EZVIZ App to make better use of the battery.

**Up to 1-Year  
Battery Life**

**Emergency  
Power Supply**

1 Please note that only the exterior lock panel of the DL05 is weather-resistant.

2 The DL05 currently supports the following cameras to snap a photo or record a video at the certain preset viewing angle upon sensor detection: H6c, C6N, CP1, TY1, TY2. The list may grow as EZVIZ launches more compatible products in the future.

3 The auto-lock function is supported when using the fingerprint, passcodes or proximity cards to unlock the door.

4 When the privacy mode is enabled, only the administrator can unlock the door using his/her fingerprints, passcodes or proximity cards, or anyone with the mechanical emergency key.

5 When being connected via Bluetooth with the Wi-Fi mode disabled, the lock can run up 365 days with fully charged batteries based on the usage of 10 openings per day. When the lock is connected via Wi-Fi, its battery life may reduce due to internet activities, and the actual use may vary due to the network stability or other environmental factors. When your home network is not reliably stable, it is recommended to turn off the Wi-Fi mode to better manage the lock's battery usage.

# Specifications CS-DL05-R100-WBCP-GR(M)/CS-DL05-R200-WBCP-GR(M)

## Material and Specification

Panel Material	Aluminum alloy
Panel Size	360 × 67 × 27 mm (14.17 × 2.64 × 1.06 inch)
Color	Metallic grey
Lock Body Type	Lift-up lock body
Lock Cylinder	5085 / 6068
Weatherproof	IP65 (Front Panel)
Emergency Charging	Type-C
Working Power	1.5V AA alkaline batteries x8

*EZVIZ DL06*  
*Smart Fingerprint Lock*

---

**Unlock your door  
right at your hand**

The DL06 fits naturally into your daily routine – unlock instantly with a simple touch or choose from other easy options. Its sleek handle houses an intuitive fingerprint sensor, and with the EZVIZ App, you can easily manage who comes and goes.

Now, your front door security has never been smarter or safer.

(Supports Type-C charging)

Child Safety Lock

# Quick and easy access with a touch of your hand

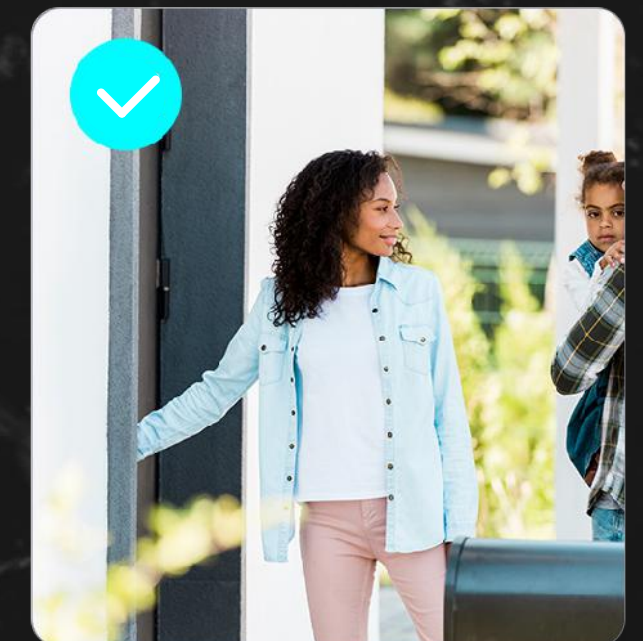

Say goodbye to lost keys and forgotten codes, the DL06's fingerprint unlocking helps every family member unlock the door right at the fingertips.

Gain access instantly with fast recognition

Never worry about lost or forgotten credentials

Store up to 50 sets of fingerprints, sufficient for the whole family

## Your secure access always grasped in the right hand

Unlike passwords or keys, which can be easily stolen or copied, the DL06 offers a high level of security to ensure that every time you press the scanner with confidence, knowing that your fingerprints are strongly protected.

Strict data protection with local fingerprint processing & storage

High-level security to enter the temporary lockout time after 5 successive failed attempts in 5 minutes

Unique credential to each user with anti-spoofing measures

## More ways to unlock, flexible for everyone

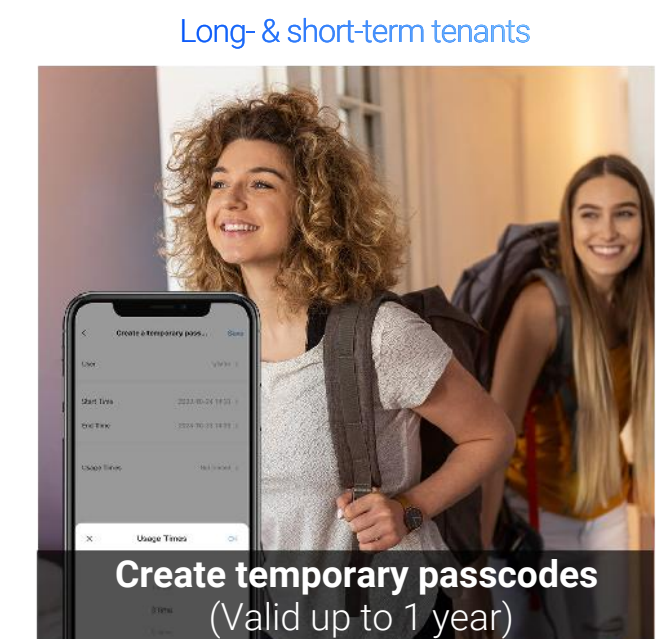

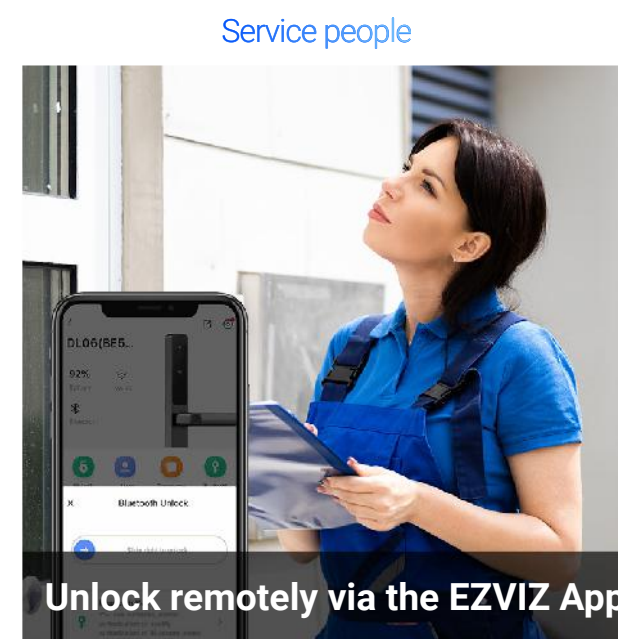

Even for people who see their fingerprints worn off and those who don't have a smartphone, the DL06 serves them well, too. You can even create a simple door switch by adding a compatible smart button to control the opening on the site.

## Directly Connects to Wi-Fi

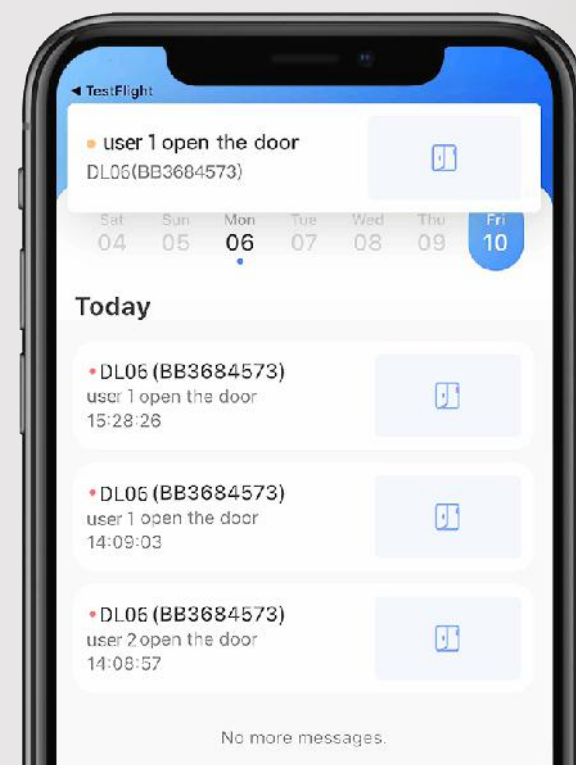

## Unlock and control access, even remotely

It's easier than ever to open a door for a visitor when you're out shopping or doing chores. The DL06 connects directly to your home or store Wi-Fi, allowing you to customize and grant access for people you trust.

## Stay notified, feel securer

Get the message notifications via the EZVIZ App, whenever and wherever. You receive push notifications when your door is opened or when the lock's battery is low. You will also be alerted when there are suspicious activities of removing your lock or forced entry.

EZVIZ  
HomePlay OS

## Enhance whole-home security, starting with your front door

Explore DL06's smart potentials by connecting it to a collection of EZVIZ smart home products. With the help of an interlinked EZVIZ indoor PT camera<sup>2</sup>, you know not only when the door gets opened, but also who enters with an auto-recorded video.

## Stylish by design, simple by use

The DL06 features a modern, sleek design that's perfect for homes or businesses, making the most of narrow frames while adding a stylish, eye-catching touch.

 40 mm minimalist body

 Built-in sensor for user-friendly design

## Double-layered security, extra peace of mind

The DL06 makes sure your house is secure whenever you close the door, and it allows you to activate the child lock to prevent your energetic children or pets from accidentally opening the door from the inside.

You can also enable its privacy mode if you don't want to be disturbed – then only the administrator can open the door<sup>4</sup> from the outside, and the lock's alarm sounds will be muted.

 Child Safety Lock

 Privacy Mode<sup>4</sup>

Sturdier than you might expect

## Reliable power for a busy household

The DL06 works on a rechargeable battery that can run relatively long on a full charge. You don't need to spend money on single-use batteries. Simply grab a power bank and let it reboot your lock.

- 1 Please note that only the exterior lock panel of the DL06 is rated IP55 to work in outdoor weather conditions, based on the EZVIZ Lab's test results.
- 2 The DL06 currently supports the following cameras to snap a photo or record a video at a certain preset viewing angle upon sensor detection: H6c, C6N, CP1, TY1, TY2. The list may grow as EZVIZ launches more compatible products in the future. Please refer to the device page on your EZVIZ App for detailed information about the supported integration.
- 3 The DL06 currently supports the T3C smart button for on-site Bluetooth unlocking within a communication range of 50 m, based on the test results in an open and interference-free environment. Actual use may vary due to the specific environment. To use this function, the user should first connect the DL06 to the Wi-Fi network to enable the EZVIZ App settings, and follow the pairing instruction on the device page to connect it with the T3C smart button via Bluetooth.
- 4 When the privacy mode is enabled, only the administrator can unlock the door using his / her fingerprints, passcodes or proximity cards, or anyone with the mechanical emergency key.
