EZVIZ™

H8 Pro 2K

Pan & Tilt Wi-Fi Camera

Full area coverage with added smarts

If you want a camera that sees all and covers all the bases, the H8 Pro 2K is a right choice to consider. Achieving both flexibility and functionality, the H8 Pro 2K features 360-degree viewing angle and 2K resolution to greatly reduce blind spots in home protection while capturing crucial details. It's AI-powered for smart detections and easy controls, and can be trusted to deliver 24/7 surveillance with its impressive night vision and an active defense function.

360° vision in 2K, means no grey areas in protection

Bye-bye to a narrow field of view or blurry images. The H8 Pro 2K pans and tilts to take in information from all directions in 2K resolution, so you can see the big picture of your protected area without missing the small details.

On-device AI for smarter detection

The camera's on-board AI algorithm helps it identify moving people and vehicles in particular. It reduces alerts caused by falling leaves or flying insects, and informs you when someone parks in your property area without permission.

Detect and track all the crucial moments

The H8 Pro 2K distinguishes people from pets or insignificant moving objects. When human activity gets detected, the camera will lock on the target and automatically rotate to follow the movement. Nothing will easily escape your attention.

Edit

Actively guards your home

The camera features the active defense function to provide an extra layer of protection. Upon detection of intruders, the camera will set off a loud siren and flash two spotlights3 for on-site deterrence.

Far-reaching color night vision

The camera makes sure that no one can easily sneak in under the cover of darkness. It renders color night vision with the help of built-in spotlights, and ensures impressive black-and-white vision when lights are off. What's better, you can set the camera to the "smart night vision" mode so its vision can automatically switch from black-and-white to full color upon motion detection.

A neat design for all homes, against all weathers

Say goodbye to the bulkiness. The H8 Pro 2K has a compact design, and is weatherproof to deliver long-standing performance, even in harsh weather conditions.

Reliable storage options with enlarged saving space

You can secure your recorded videos on a local microSD card of up to 512 GB, or subscribe to EZVIZ CloudPlay for fully-encrypted cloud storage.

Enhanced viewing pleasure with smaller video files

Compared to the prevailing H.264 video compression technology, H.265 creates a more fluid viewing experience with recorded videos. Meanwhile, you won't have to worry about large video files taking up too much of your storage space – H.265 technology reduces their sizes by up to 50%[4].
